Currently leading finance operations across five schools, partnering with Headteachers, senior leaders and the CFO on budgeting, forecasting, financial reporting and strategic planning. Experienced in developing finance teams, strengthening financial controls and delivering accurate management information to support effective decision-making across multiple schools.

EER416

Regional Finance Manager

Professional Profile

Finance professional with over 20 years' experience across the education, hospitality and commercial sectors. Currently serving as Regional Finance Manager for a multi academy trust, with responsibility for finance operations across five schools and leadership of a three-person finance team. Experienced in partnering with Head Teachers, senior leadership teams and the CFO to deliver management accounts, budgeting, forecasting and strategic financial planning. Proven track record of progressing through increasingly senior finance roles, with expertise in financial reporting, balance sheet reconciliations, payroll controls, accruals and prepayments, stakeholder management and process improvement. Combines strong technical finance knowledge with a practical and collaborative approach to supporting business performance and maintaining robust financial controls
